EXPERIENCE

Prowess Infotech :- www.prowessinfotech.co.in

Aug '24 — Present

IT Intern (Junior Software Engineer)

Riyadh, Saudi Arabia (Remote)

- At Prowess Infotech, I worked on 2+ **dynamic websites** focused on seamless functionality and user experience. I build 1+ **low-code applications** with Microsoft PowerApps to automate workflows and boost productivity by **10%**. I also develop 1+ **Flutter apps** for cross-platform functionality, achieving a **70% user satisfaction rate**, while delivering 3+ **visually appealing interfaces** for web and mobile, improving UI/UX design efficiency by **10%**.

Nibodh Solutions Pvt. Ltd. :- www.nibodhsolutions.com

Mar '22 — Jul '22

Junior Web Developer

Mumbai, India (Remote)

- As a Junior Web Developer at Nibodh Solutions Pvt. Ltd., I built and maintained **6 responsive websites** using HTML, CSS, React, Tailwind CSS, and WordPress, achieving a **75% client satisfaction level**. I converted **50% of initial clients** into long-term partners by delivering high-quality solutions, maintaining strong communication, and providing exceptional post-launch support to foster trust and lasting relationships.

Ekeeda Private Ltd. :- www.ekeeda.com

Jan '22 — Mar '22

Junior Server Manager (Server Management & Discord Manager)

Lower Parel, India (Remote)

- As a Junior Server Manager at Ekeeda, I enhanced community engagement through creative thinking and bot creation for events, connecting with **more than 2000 users in just one week** and supporting platform growth.

PROJECTS

Furniture Mobile App [Link](#)

- Designed a user-friendly UI with custom layouts and product filtering, addressing complex catalog presentation challenges. Integrated Firebase/Node.js for real-time data sync, authentication, and secure payments, while optimizing performance with lazy loading and image caching. Ensured full responsiveness across devices using MediaQuery.

Movie Recommendation System [Link](#)

- Developed a movie recommendation system using Python and Streamlit, implementing machine learning with SKLEARN and PANDAS for efficient data handling. Overcame challenges in UI design, model accuracy, and recommendation logic, utilizing PICKLE for model saving and REQUESTS for API integration to ensure a smooth, responsive user experience.

Weather Mobile App [Link](#)

- Designed a user-friendly interface for real-time weather data, integrating APIs for live updates and solving issues with response handling and caching. Added location-based forecasts and dynamic visuals, ensuring smooth, responsive performance across devices.

EDUCATION

Bachelor's of Engineering in Artificial Intelligence & Data Science, VPPCOE (GPA: 8.22)

Nov '22 — Present
Mumbai, India

Diploma in Information Technology, Government Polytechnic Mumbai (GPA: 86.42%)

Aug '19 — Aug '22
Mumbai, India
